- 1.1 The Commission has decided to award a grant, under the terms and conditions set out in the Special Conditions, the General Conditions and Annex I to the Agreement, for the action entitled " WiFi4EU Promotion of internet connectivity in local communities" ("the action"), in Meland , action number **2-2019/015775-040541** as described in Annex I (description of the action).

With the signature of the Agreement, the beneficiary accepts the grant and agrees to implement the action, acting on its own responsibility.

- 1.2 To implement the action, the beneficiary shall select a Wi-Fi installation company as a contractor in the meaning of Article II.9. The Wi-Fi installation company shall register on the WiFi4EU portal available at <https://www.wifi4eu.eu/>. - a) the obligation to respect the technical requirements specified in Annex I.
- b) the obligation to submit the declaration and the additional information foreseen in Article 4.1(a).

- 1.3 The beneficiary shall retain sole responsibility for carrying out the action and for the compliance with the provisions of the Agreement. The beneficiary shall ensure that the contract(s) signed with the Wi-Fi installation company for the implementation of this action contains provisions stipulating that the Wi-Fi installation company has no rights vis-à-vis the Agency under the Agreement.

In case of non-compliance with the terms and conditions of this Agreement, the Agency reserves itself the right to recover the amount unduly paid directly from the beneficiary, in line with Article II.26.

ARTICLE 2 – ENTRY INTO FORCE OF THE AGREEMENT AND DURATION OF THE ACTION

ANNEX I DESCRIPTION OF THE ACTION

I.1. Scope and objectives

The WiFi4EU initiative is a support scheme for the provision of free Wi-Fi access in indoor or outdoor public spaces (e.g. public administrations premises, schools, libraries, health centres, museums, public parks and squares). This will bring communities more closely into the Digital Single Market, give users access to the Gigabit society, improve digital literacy and complement the public services provided in those spaces. WiFi4EU vouchers can be used to fund the installation of an entirely new public Wi-Fi network, to upgrade an existing public Wi-Fi network or to extend the coverage of an existing public Wi-Fi network. The installed network shall not duplicate existing free private or public offers of similar characteristics, including quality.

I.2. Technical requirements for the Wi-Fi equipment of the WiFi4EU network(s)

The beneficiary shall install a number of APs reflecting the value of the voucher in their market. In any event it shall install at a minimum the following number, depending on the combination of indoor and outdoor APs:

Minimum number of outdoor APs	Minimum number of indoor APs
10	0
9	2
8	3
7	5
6	6
5	8
4	9
3	11
2	12

1	14
0	15

The beneficiary shall ensure that **each AP**:

- Supports concurrent dual-band (2,4Ghz – 5Ghz) use;
- Has a support cycle superior to 5 years;
- Has a mean time between failure (MTBF) of at least 5 years;
- Has a dedicated and centralised single point of management at least for all APs of each WiFi4EU network;
- Supports IEEE 802.1x;
- Complies with IEEE 802.11ac Wave I;
- Supports IEEE 802.11r;
- Supports IEEE 802.11k;
- Supports IEEE 802.11v;
- Is able to handle at least 50 concurrent users without performance degradation;
- Has at least 2x2 multiple-input-multiple-output (MIMO);
- Complies with Hotspot 2.0 (Passpoint Wi-Fi Alliance certification program).

I.3. Quality of service requirements

In order to ensure that the WiFi4EU funded network is capable of providing a high quality user experience, the beneficiary shall subscribe to an offer equivalent to the highest speed available mass-market Internet connection in the area and in any event to one offering at least 30 Mbps download. The beneficiary shall also ensure that this backhaul speed is at least equivalent to that – if any – which is used by the beneficiary for its internal connectivity needs.

I.4. Obligations on charges, advertising and use of data

1. The beneficiary shall ensure that end-user access to the WiFi4EU network shall be free of charge, *i.e.* provided without corresponding remuneration whether by direct payment or by other types of consideration, notably free of commercial advertising, nor re-using personal data for commercial purposes.
2. The beneficiary shall ensure that end-user access by electronic communications network operators shall also be provided without discrimination, *i.e.* without prejudice to restrictions required under Union law, or under national law that complies with Union law, subject to the need to ensure a smooth functioning of the network and, in particular, the need to ensure a fair allocation of capacity between users at peak times.

3. Processing for statistical and analytical purposes may be regularly done in order to promote, monitor, or improve the functioning of the networks. For this purpose, any storage or processing of personal data shall be duly anonymised in accordance with the relevant Service Specific Privacy Statement(s).

I.5. Requirements for the configuration and connection of WiFi4EU network(s) to the EC monitoring solution

Subject to the fourth paragraph below, the beneficiary shall ensure that the access points funded with a WiFi4EU voucher only broadcast the WiFi4EU SSID and that the obligations as stipulated in Point I.4 fully apply.

The beneficiary shall ensure that the WiFi4EU network with WiFi4EU SSID is an open network in the sense that it does not require any kind of authentication information (such as the use of a password) to connect to it. Once the user connects to it, the beneficiary shall ensure that the WiFi4EU network with WiFi4EU SSID shows an https captive portal prior to authorising the user to connect to Internet.

Unless required by national legislation in compliance with Union law, the connection to the Internet through the WiFi4EU SSID shall not require any registration or authentication in the captive portal and shall be completed through a "one-click to connect" button in the captive portal.

The beneficiary may broadcast an additional SSID for appropriately secured connections referred to in Point I.5.2 from the start of Phase I and under its responsibility. The beneficiary may also broadcast an additional SSID provided it is limited to internal use of the beneficiary and does not unduly affect the quality of service offered to the public. In both these cases, the beneficiary shall appropriately differentiate such SSIDs from the WiFi4EU open SSID and ensure that the obligations as stipulated in Points I.3 and I.4 fully apply.

For access points not funded by the WiFi4EU voucher, the beneficiary may also broadcast the WiFi4EU SSID (as the only SSID or in parallel to their existing local SSID). The beneficiary shall ensure that at least for end-users connecting to the WiFi4EU SSID, the obligations as stipulated in Point I.3, I.4 and in the present I.5 fully apply.

The connection to the EC monitoring solution shall be implemented following a two – phase approach.

I.5.1. Phase I

The registration, authentication, authorisation and accounting of users is the responsibility of each beneficiary in compliance with EU and national law.

The beneficiary shall ensure compliance with the following requirements for the captive portal in the WiFi4EU SSID:

- The WiFi4EU network with WiFi4EU SSID shall use an HTTPS captive portal for the interface with the users.

The captive portal shall establish a period for automatic recognition of previously connected users, so that the captive portal is not shown again at reconnection. This period shall be automatically reset every day at 00:00 or at least be set up for a maximum of 12 hours.

- The domain name associated with the https captive portal shall be classic (non-IDN), consisting of characters a to z, digits 0 through 9, hyphen (-).
- Visual identity: the captive portal shall include the WiFi4EU visual identity.
- The captive portal shall embed a tracking snippet for the Agency to be able to remotely monitor the WiFi4EU network.

The snippet installation guideline is available at the following link: <https://ec.europa.eu/inea/en/connecting-europe-facility/cef-telecom/wifi4eu>. The snippet will not collect any personal data. It will serve to count the number of users connecting to the WiFi4EU network, load the visual identity of WiFi4EU and check that it is displayed properly.

- The captive portal shall include a disclaimer clearly informing the users of the fact that WiFi4EU is a public open network. The disclaimer should also include the precautionary recommendations that are usually provided when accessing the Internet via such networks.

The beneficiary is entitled to set up distinct WiFi4EU networks funded by the same voucher, each of them with a different domain name and a different captive portal. The obligation pursuant to Article 9 to maintain the WiFi4EU network active for a period of 3 years after the verification by the Agency applies to all such WiFi4EU networks funded by the same voucher.

Phase I is applicable until the beneficiary receives a notification that Phase II has been activated. Once notified, the beneficiary will have the obligation pursuant to Article 9, to adjust the configuration of the network in accordance with the requirements set out under Point I.5 as further detailed in the notification, within the timeframe that will be indicated therein.

I.5.2. Phase II

At a later stage, a secured authentication and monitoring solution will be set up at EU level and will have the possibility of evolving into a federated architecture.

Pursuant to Article 9, once the secured authentication and monitoring solution is operational, the beneficiary shall reconfigure its WiFi4EU network(s) in order to connect them to this solution. This reconfiguration will include maintaining the open WiFi4EU SSID using the captive portal, adding an additional WiFi4EU SSID for appropriately secured connections (either by changing its existing local based secured system for the common one or simply by adding the common one as a third SSID) and ensuring that the solution can monitor the WiFi4EU networks at the access point level.

The registration and authentication of users for the open WiFi4EU SSID and for the local based SSID for secured connections where it exists, as well as the authorisation and

accounting of users for all SSIDs remains the responsibility of each beneficiary in compliance with EU and national law.

II.4.2 Any situation constituting or likely to lead to a conflict of interests during the implementation of the Agreement shall be notified to the Agency, in writing, without delay. Unless the Agency requests or agrees otherwise, any communication or publication related to the action, made by the beneficiaries jointly or individually, including at conferences, seminars or in any information or promotional materials (such as brochures, leaflets, posters, presentations, etc.), shall indicate that the action has received funding from the Union and shall display the European Union emblem.

When displayed in association with another logo, the European Union emblem must have appropriate prominence.

The obligation to display the European Union emblem does not confer to the beneficiaries a right of exclusive use. The beneficiaries shall not appropriate the European Union emblem or any similar trademark or logo, either by registration or by any other means.

For the purposes of the first, second and third subparagraphs and under the conditions specified therein, the beneficiaries are exempted from the obligation to obtain prior permission from the Agency to use the European Union emblem.

II.8.2 Pre-existing rights

Pre-existing material is any materials, document, technology or know-how which exists prior to the beneficiary using it for the production of a result in the implementation of the action. Pre-existing right is any industrial and intellectual property right on pre-existing material; it may consist in a right of ownership, a licence right and/or a right of use belonging to the beneficiary or any other third parties.

If the Agency sends the beneficiaries a written request specifying which of the results it intends to use, the beneficiaries must:

- (a) establish a list specifying all pre-existing rights included in those results; and
- (b) provide this list to the Agency at the latest with the request for payment of the balance.

The beneficiaries shall ensure that they or their affiliated entities have all the rights to use any pre-existing rights during the implementation of the Agreement.

II.8.3 Rights of use of the results and of pre-existing rights by the Agency

The beneficiaries grant the Agency the following rights to use the results of the action:

For the sake of this provision, the terms 'reuse' and 'document' have the meanings given to them by Decision 2011/833/EU.

Additional rights of use for the Agency may be provided for in the Special Conditions.

The beneficiaries shall warrant that the Agency has the right to use any pre-existing rights, which have been included in the results of the action. Unless specified otherwise in the Special Conditions, those pre-existing rights shall be used for the same purposes and under the same conditions applicable to the rights of use of the results of the action.

Information about the copyright owner shall be inserted when the result is divulged by the Agency. The copyright information shall read: "© – [year] – [name of the copyright owner]. All rights reserved. Licenced to the Innovation and Networks Executive Agency under conditions".

If the beneficiaries grant rights of use to the Agency, this does not affect their confidentiality obligations under Article II.5 or the beneficiaries' obligations under Article II.1.

ARTICLE II.9 – AWARD OF CONTRACTS NECESSARY FOR THE IMPLEMENTATION OF THE ACTION

II.9.1 Where the implementation of the action requires the procurement of goods, works or services, the beneficiaries shall award the contract to the tender offering best value for money or, as appropriate, to the tender offering the lowest price. In doing so, they shall avoid any conflict of interests.

The beneficiaries shall ensure that the Agency, the Commission, the European Anti-Fraud Office (OLAF) and the European Court of Auditors may exercise their rights

II.9.3 The beneficiaries shall retain sole responsibility for carrying out the action and for compliance with the provisions of the Agreement. The beneficiaries shall ensure that any procurement contract contains provisions stipulating that the contractor has no rights vis-à-vis the Agency under the Agreement.

II.9.4 The beneficiaries shall ensure that the conditions applicable to them under Articles II.3, II.4, II.5 and II.8 are also applicable to the contractor.

II.9.5 Where, in accordance with Article 3, the grant takes the form of the reimbursement of eligible costs:

- If a beneficiary breaches any of its obligations under Article II.9.1, the costs related to the contract concerned shall be ineligible;
- If a beneficiary breaches any of its obligations under Article II.9.2, II.9.3 or II.9.4, the grant may be reduced in proportion to the seriousness of the breach of obligations.

Where, in accordance with Article 3 the grant takes the form of a unit, lump sum or flat-rate contribution, if a beneficiary breaches any of its obligations under Article II.9.1, II.9.2, II.9.3 or II.9.4, the grant may be reduced in proportion to the seriousness of the breach of obligations.

ARTICLE II.12 – AMENDMENTS TO THE AGREEMENT

II.12.1 Any amendment to the Agreement shall be made in writing.

II.12.2 An amendment may not have the purpose or the effect of making changes to the Agreement which would call into question the decision awarding the grant or be contrary to the equal treatment of applicants.

II.12.3 Any request for amendment shall be duly justified, be accompanied by appropriate supporting documents and shall be sent to the other party in due time before it is due to take effect, and in any case three months before the end of the period set out in Article 2.2, except in cases duly substantiated by the party requesting the amendment and accepted by the other party.

II.12.5 Amendments shall enter into force on the date on which the last party signs or on the date of approval of the request for amendment.

Amendments shall take effect on a date agreed by the parties or, in the absence of such an agreed date, on the date on which the amendment enters into force.

ARTICLE II.13 – ASSIGNMENT OF CLAIMS FOR PAYMENTS TO THIRD PARTIES

II.13.1 Claims for payments of the beneficiaries against the Agency may not be assigned to third parties, except in duly justified cases where the situation warrants it.

The assignment shall only be enforceable against the Agency if it has accepted the assignment on the basis of a written and reasoned request to that effect made by the beneficiary requesting the assignment.

In the absence of such an acceptance, or in the event of failure to observe the terms thereof, the assignment shall have no effect on the Agency.

II.13.2 In no circumstances shall such an assignment release the beneficiaries from their obligations towards the Agency.

ARTICLE II.14 – FORCE MAJEURE

II.14.1 "*Force majeure*" shall mean any unforeseeable, exceptional situation or event beyond the parties' control, which prevents either of them from fulfilling any of their obligations under the Agreement, which was not attributable to error or negligence on their part or on the part of subcontractors, affiliated entities, implementing bodies or third parties in receipt of financial support and which proves to be inevitable in spite of exercising due diligence. Any default of a service, defect in equipment or material or delays in making them available, as well as labour disputes, strikes or financial difficulties cannot be invoked as *force majeure*, unless they stem directly from a relevant case of *force majeure*.

II.14.2 A party faced with *force majeure* shall formally notify the other party without delay, stating the nature of the situation or of the event, its likely duration and foreseeable effects.

II.14.3 The parties shall take the necessary measures to limit any damage due to *force majeure*. They shall do their best to resume the implementation of the action as soon as possible.

II.14.4 The party faced with *force majeure* shall not be held to be in breach of its obligations under the Agreement if it has been prevented from fulfilling them by *force majeure*.

ARTICLE II.15 – SUSPENSION OF THE IMPLEMENTATION OF THE ACTION

II.15.1 Suspension of the implementation by the beneficiaries

The beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, may suspend the implementation of the action or any part thereof, if exceptional circumstances make such implementation impossible or excessively difficult, in particular in the event of *force majeure*. The beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, shall inform the Agency without delay, giving the reasons for suspension, including details about the date or period when the exceptional circumstances occurred and the expected date of resumption.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c) or (d) of Article II.16.3.1, the beneficiaries acting jointly, or a beneficiary, acting on behalf of all beneficiaries, shall, once the circumstances allow resuming the implementation of the action, inform the Agency immediately and present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.2 Suspension of the implementation by the Agency

II.15.2.1 The Agency may suspend the implementation of the action or any part thereof:

- (a) if the Agency has evidence that a beneficiary has committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the Agreement or if a beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Agency has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or serious breach of obligations under other grants funded by the Union or the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant;
- (c) if the Agency suspects substantial errors, irregularities, fraud or breach of obligations committed by a beneficiary in the award procedure or in the implementation of the Agreement and needs to verify whether they have actually occurred; *or*
- (d) following an evaluation of the progress of the project, in particular in the event of major delays in the implementation of the action

II.15.2.2 Before suspending the implementation the Agency shall formally notify all the beneficiaries of its intention to suspend, specifying the reasons thereof, and, in the cases referred to in points (a), (b) and (d) of Article II.15.2.1, the necessary conditions for resuming the implementation. The beneficiaries shall be invited to submit observations within 30 calendar days from receipt of this notification.

If, after examination of the observations submitted by the beneficiaries, the Agency decides to stop the suspension procedure, it shall formally notify all the beneficiaries thereof.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the suspension procedure, it may suspend the implementation by formally notifying all the beneficiaries thereof, specifying the reasons for the suspension and, in the cases referred to in points (a), (b) and (d) of Article II.15.2.1, the definitive conditions for resuming the implementation or, in the case referred to in point (c) of Article II.15.2.1, the indicative date of completion of the necessary verification.

The suspension shall take effect five calendar days after the receipt of the notification by the beneficiaries or on a later date, where the notification so provides.

In order to resume the implementation, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Agency of any progress made in this respect.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c), (i), (j), (k), or (o) of Article II.16.3.1, the Agency shall, as soon as it considers that the conditions for resuming the implementation have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify all the beneficiaries thereof and invite them to present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.3 Effects of the suspension

If the implementation of the action can be resumed and the Agreement is not terminated, an amendment to the Agreement shall be made in accordance with Article II.12 in order to establish the date on which the action shall be resumed, to extend the duration of the action and to make any other modifications that may be necessary to adapt the action to the new implementing conditions.

The suspension is deemed lifted with effect as from the date of resumption of the action agreed by the parties in accordance with the first subparagraph and set out in the amendment. Such a date may be before the date on which the amendment enters into force.

Any costs incurred by the beneficiaries, during the period of suspension, for the implementation of the suspended action or the suspended part thereof, shall not be reimbursed or covered by the grant.

The right of the Agency to suspend the implementation is without prejudice to its right to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.3 and its right to reduce the grant or recover amounts unduly paid in accordance with Articles II.25.4 and II.26.

Neither party shall be entitled to claim damages due to a suspension by the other party.

In duly justified cases, the beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, may terminate the Agreement by formally notifying the Agency thereof, stating clearly the reasons and specifying the date on which the termination shall take effect. The notification shall be sent before the termination is due to take effect.

If no reasons are given or if the Agency considers that the reasons exposed cannot justify the termination, it shall formally notify all the beneficiaries, specifying the grounds thereof, and the Agreement shall be deemed to have been terminated improperly, with the consequences

- (b) not applicable;
- (c) if the beneficiaries do not implement the action as specified in Annex I or if a beneficiary fails to comply with another substantial obligation incumbent on it under the terms of the Agreement;
- (d) in the event of *force majeure*, notified in accordance with Article II.14, or in the event of suspension by the coordinator as a result of exceptional circumstances, notified in accordance with Article II.15, where resuming the implementation is impossible or where the necessary modifications to the Agreement would call into question the decision awarding the grant or would result in unequal treatment of applicants;
- (e) if a beneficiary or any person that assumes unlimited liability for the debts of that beneficiary comes under any of the situations provided for in points (a) or (b) of Article 106 (1) of the Financial Regulation⁵;

⁵ Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union.

For the purposes of point (i), "substantial error" shall mean any infringement of a provision of an agreement resulting from an act or omission, which causes or might cause a loss to the Union's budget.

For the purposes of points (i) and (j), "irregularity" shall mean any infringement

of a provision of Union law resulting from an act or omission by a beneficiary, which has or would have the effect of prejudicing the Union's budget.

II.16.3.2 Before terminating the Agreement or the participation of any one or several beneficiaries, the Agency shall formally notify all the beneficiaries of its intention to terminate, specifying the reasons thereof and inviting the beneficiaries, acting jointly, or one beneficiary, acting on behalf of all beneficiaries, within 45 calendar days from receipt of the notification, to submit observations and, in the case of point (c) of Article II.16.3.1, to inform the Agency about the measures taken to ensure that the beneficiaries continue to fulfil their obligations under the Agreement.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the termination procedure, it may terminate the Agreement or the participation of any one or several beneficiaries by formally notifying all the beneficiaries thereof, specifying the reasons for the termination.

In the cases referred to in points (a), (b), (c), (e) and (k) of Article II.16.3.1, the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (i), (j), (l) and (o) of Article II.16.3.1, the termination shall take effect on the day following the date on which the formal notification was received by the beneficiaries.]

Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date of actual payment as established in Article II.24.9. The interest payable shall not be considered for the purposes of determining the final amount of grant within the meaning of Article II.25.3.

II.25.1 Calculation of the final amount

Without prejudice to Articles II.25.2, II.25.3 and II.25.4, the final amount of the grant shall be determined for each beneficiary as follows:

- (a) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of the reimbursement of eligible costs, the amount obtained by application of the reimbursement rate(s) specified in that Article to the eligible costs approved by the Agency for the corresponding categories of costs and activities;
- (b) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a unit contribution, the amount obtained by multiplying the unit contribution specified in that Article by the actual number of units approved by the Agency;
- (c) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a lump sum contribution, the lump sum specified in that Article, subject to approval by the Agency of the proper implementation of the corresponding tasks or part of the action in accordance with Annex I;
- (d) where, in accordance with Article 3, the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a flat-rate contribution, the amount obtained by applying the flat rate referred to in that Article to the eligible costs or to the contribution accepted by the Agency.

Where Article 3 provides for a combination of different forms of grant for the beneficiary, its affiliated entities or its implementing bodies, these amounts shall be added.

II.25.2 Maximum amount

The total amount paid by the Agency to a beneficiary may in no circumstances exceed the maximum amount of the grant for that beneficiary specified in Article 3.

Where the amount determined in accordance with Article II.25.1 for a beneficiary exceeds this maximum amount, the final amount of the grant for that beneficiary shall be limited to the maximum amount specified in Article 3.

II.25.3 No-profit rule and taking into account of receipts

Not applicable

II.25.4 Reduction for poor, partial or late implementation, or breach of contractual obligations

The Agency may reduce the maximum grant amount per beneficiary set out in Article 3 if the action is not implemented properly in accordance with Annex I (i.e. if it has not been implemented or has been implemented poorly, partially or late), or if a beneficiary fails to comply with any other obligations under this Agreement.

The amount of the reduction will be proportionate to the degree to which the action has been implemented improperly or to the seriousness of the breach.

Before the Agency reduces the grant, it must send a formal notification to the beneficiary concerned:

- (a) informing it of:
 - (i) its intention to reduce the maximum amount of the grant;
 - (ii) the amount by which it intends to reduce the grant;
 - (iii) the reasons for reduction;

If the Agency does not receive any observations or decides to pursue reduction despite the observations it has received, it will send a formal notification informing the beneficiary concerned of its decision.

If the grant is reduced, the Agency must calculate the reduced grant amount by deducting the amount of the reduction (calculated in proportion to the improper implementation of the action or to the seriousness of the breach of obligations) from the maximum amount of the grant.

The final amount of the grant will be the lower of the following two:

- (a) the amount determined in accordance with Article II.25.1, II.25.2 and II.25.3; or
- (b) the reduced grant amount determined in accordance with Article II.25.4.

- (b) inviting the beneficiary concerned to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary concerned, the Agency decides to pursue the recovery procedure, the Agency may confirm recovery by formally notifying to the beneficiary concerned a debit note (“debit note”), specifying the terms and the date for payment.

If the beneficiary concerned does not repay the Agency by the date specified in the debit note, the Agency or the Commission shall recover the amount due from the beneficiary in accordance with Article II.26.3.

II.26.2 Recovery after payment of the balance

Where an amount is to be recovered in accordance with Articles II.27.6, II.27.7 and II.27.8, the beneficiary concerned by the audit or OLAF findings shall repay the Agency the amount in question.

Before recovery, the Agency shall formally notify the beneficiary concerned of its intention to recover the amount unduly paid:

- (a) specifying the amount due (including any amount unduly paid by the Agency as a contribution towards the costs incurred by its affiliated entities or its implementing bodies) and the reasons for recovery;
- (b) inviting the beneficiary concerned to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary concerned, the Agency decides to pursue the recovery procedure, the Agency may confirm recovery by formally notifying to the beneficiary concerned a debit note (“debit note”), specifying the terms and the date for payment.

If the beneficiary concerned does not repay the Agency by the date specified in the debit note, the Agency or the Commission shall recover the amount due from the beneficiary in

accordance with Article II.26.3.

II.26.3 Recovery procedure failing repayment by the date specified in the debit note

If payment has not been made by the date specified in the debit note, the Agency or the Commission shall recover the amount due:

- (a) by offsetting it against any amounts owed to the beneficiary concerned by the Commission or an executive agency (from the Union or the European Atomic Energy Community (Euratom) budget) (“offsetting”); in exceptional circumstances, justified by the necessity to safeguard the financial interests of the Union, the Agency may recover by offsetting before the due date; the beneficiary’s prior consent shall not be required; an action may be brought against such offsetting before the General Court of the European Union pursuant to Article 263 TFEU;
- (b) by drawing on the financial guarantee where provided for in accordance with Article 4.1 (“drawing on the financial guarantee”);
- (c) where provided for in the Special Conditions, by holding the beneficiaries jointly and severally liable;
- (d) by taking legal action in accordance with Article II.18.2 or with the Special Conditions or by adopting an enforceable decision in accordance with Article II.18.3.

II.26.4 Interest on late payment

If payment has not been made by the date set out in the debit note, the amount due shall bear interest at the rate established in Article II.24.7. Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date when the Agency or the Commission actually receives payment in full of the outstanding amount.

Any partial payment shall first be appropriated against charges and interest on late payment and then against the principal.

II.26.5 Bank charges

Bank charges incurred in connection with the recovery of the sums owed to the Agency shall be borne by the beneficiary concerned except where Directive 2007/64/EC of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market amending Directives 97/7/EC, 2002/65/EC, 2005/60/EC and 2006/48/EC and repealing Directive 97/5/EC applies.

ARTICLE II.27 – CHECKS, AUDITS AND EVALUATION

II.27.1 Technical and financial checks, audits, interim and final evaluations

The Commission or the Agency may carry out technical and financial checks and audits to determine that the beneficiaries are implementing the action properly and are complying with the obligations under the Agreement. It may also check the statutory records of the beneficiaries for the purpose of periodic assessments of lump sum, unit cost or flat-rate amounts.

Information and documents provided in the framework of checks or audits shall be treated on a confidential basis.

In addition, the Commission or the Agency may carry out interim or final evaluation of the impact of the action measured against the objective of the Union programme concerned, in order to assess whether the objectives, including those relating to environmental protection, have been attained.

Checks, audits or evaluations made by the Commission or the Agency may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks, audits or evaluations may be initiated during the implementation of the Agreement and for a period of five years starting from the date of payment of the balance. This period shall be limited to three years if the maximum amount specified in Article 3 is not more than EUR 60 000.

The check, audit or evaluation procedure shall be deemed to be initiated on the date of receipt of the letter of the Commission or the Agency announcing it.

If the audit is carried out on an affiliated entity or implementing body, the beneficiary concerned must inform that affiliated entity or implementing body.

II.27.2 Duty to keep documents

The beneficiaries shall keep all original documents, especially accounting and tax records, stored on any appropriate medium, including digitalised originals when they are authorised by their respective national law and under the conditions laid down therein, for a period of five years starting from the date of payment of the balance.

This period shall be limited to three years if the maximum amount specified in Article 3 is not more than EUR 60 000.

The periods set out in the first and second subparagraphs shall be longer if there are on-going audits, appeals, litigation or pursuit of claims concerning the grant, including in the case referred to in Article II.27.7. In such cases, the beneficiaries shall keep the documents until such audits, appeals, litigation or pursuit of claims are closed.

II.27.3 Obligation to provide information

The beneficiaries shall provide any information, including information in electronic format, requested by the Commission or the Agency or by any other outside body authorised by it in

the framework of a check, audit or evaluation.

In case a beneficiary does not comply with the obligations set out in the first subparagraph, the Commission or the Agency may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.4 On-the-spot visits

During an on-the-spot visit, the beneficiaries shall allow Commission or Agency staff and outside personnel authorised by the Commission or the Agency to have access to the sites and premises where the action is or was carried out, and to all the necessary information, including information in electronic format.

They shall ensure that the information is readily available at the moment of the on-the-spot visit and that information requested is handed over in an appropriate form.

In case a beneficiary refuses to provide access to the sites, premises and information in accordance with the first and second subparagraphs, the Commission or the Agency may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.5 Contradictory audit procedure

On the basis of the findings made during the audit, a provisional report (“draft audit report”) shall be drawn up. It shall be sent by the Commission or the Agency or its authorised representative to the beneficiary concerned, which shall have 30 days from the date of receipt to submit observations. The final report (“final audit report”) shall be sent to the beneficiary concerned within 60 days of expiry of the time limit for submission of observations.

II.27.6 Effects of audit findings

On the basis of the final audit findings, the Commission or the Agency may take the measures which it considers necessary, including recovery at the time of payment of the balance or after payment of the balance of all or part of the payments made by it, in accordance with Article II.26.

In the case of final audit findings made after the payment of the balance, the amount to be

recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities.

II.27.7 Correction of systemic or recurrent errors, irregularities, fraud or breach of obligations

II.27.7.1 The Commission or the Agency may extend audit findings from other grants to this grant if:

- (a) the beneficiary is found, on the basis of an audit of other EU or Euratom grants awarded to it under similar conditions, to have committed systemic or recurrent errors, irregularities, fraud or breach of obligations that have a material impact on this grant; and
- (b) the final audit report containing the findings of the systemic or recurrent errors, irregularities, fraud or breach of obligations is formally received by the beneficiary, together with the list of grants affected by the findings, within the period referred to in Article II.27.1.

The extension of findings may lead to:

- (a) the rejection of costs as ineligible;
- (b) reduction of the grant as provided for in Article II.25.4;
- (c) recovery of undue amounts as provided for in Article II.26;
- (d) suspension of payments as provided for in Article II.24.5;
- (e) suspension of the action implementation as provided for in Article II.15.2;
- (f) termination as provided for in Article II.16.3.

II.27.7.2 The Commission or the Agency must send a formal notification to the beneficiary concerned informing it of the systemic or recurrent errors and of its intention to extend the audit findings, together with the list of grants affected.

- (a) If the findings concern eligibility of costs, the procedure is as follows:

The formal notification must include:

- (i) an invitation to submit observations on the list of grants affected by the findings;
- (ii) a request to submit revised financial statements for all grants

affected;

- (iii) where possible, the correction rate for extrapolation established by the Commission or the Agency to calculate the amounts to be rejected on the basis of the systemic or recurrent errors, irregularities, fraud or breach of obligations, if the beneficiary concerned:
 - considers that the submission of revised financial statements is not possible or practicable; or
 - will not submit revised financial statements.

The beneficiary concerned has 60 calendar days from when it receives the formal notification to submit observations and revised financial statements or to propose a duly substantiated alternative correction method. This period may be extended by the Commission or the Agency in justified cases.

If the beneficiary concerned submits revised financial statements that take account of the findings, the Commission or the Agency will determine the amount to be corrected on the basis of those revised statements.

If the beneficiary proposes an alternative correction method and the Commission or the Agency accepts it, the Commission or the Agency must send a formal notification to the beneficiary concerned informing it:

- (i) that it accepts the alternative method;
- (ii) of the revised eligible costs determined by applying this method.

Otherwise the Commission or the Agency must send a formal notification to the beneficiary concerned informing it:

- (i) that it does not accept the observations or the alternative method proposed;
- (ii) of the revised eligible costs determined by applying the extrapolation method initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25 on the basis of the revised eligible costs declared by the beneficiary and approved by the Commission or the Agency or on the basis of the revised eligible costs after extrapolation, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities;

- (b) If the findings concern improper implementation or a breach of another obligation (i.e. where ineligible costs cannot serve as a basis for determining the amount to be corrected), the procedure is as follows:

The Commission or the Agency shall formally notify the beneficiary concerned of the correction flat rate to be applied to the maximum amount of the grant specified in Article 3 or to part of it, according to the principle of proportionality, and invite the beneficiary to submit observations on the list of grants affected by the findings.

The beneficiary concerned shall have 60 days from the date of receipt of the notification to submit observations and to propose a duly substantiated alternative flat rate.

If the Commission or the Agency accepts the alternative flat rate proposed by the beneficiary, it shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the accepted alternative flat rate.

If no observations have been submitted or if the Commission or the Agency does not accept the observations or the alternative flat rate proposed by the beneficiary, the Commission or the Agency shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the flat rate initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned after flat-rate correction and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities.

II.27.8 Checks and inspections by OLAF

The European Anti-Fraud Office (OLAF) shall have the same rights as the Commission and the Agency, notably right of access, for the purpose of checks and investigations.

By virtue of Council Regulation (Euratom, EC) No 2185/96⁶ of 11 November 1996 concerning on-the-spot checks and inspections carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities

⁶ OJ L 292, 15.11.1996, p.2

and Regulation (EU, Euratom) No 883/2013⁷ of the European Parliament and the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF), OLAF may also carry out on-the-spot checks and inspections in accordance with the procedures laid down by Union law for the protection of the financial interests of the Union against fraud and other irregularities.

Where appropriate, OLAF findings may lead to recovery by the Agency. They may also lead to criminal prosecution under national law.

II.27.9 Checks and audits by the European Court of Auditors

The European Court of Auditors shall have the same rights as the Agency and the Commission, notably right of access, for the purpose of checks and audits.
