Emne: Meeting Litland exploration

Hei

I contact you on behalf of Kendrick Resources PLC and its Norwegian subsidiary Caledonian Minerals AS. We hold the exploration claims Hosanger 1 to 4, covering the area around the historic Litland mine in your municipality.

We would like to have a meeting with representatives from Osterøy kommune before we initiate any potential exploration activities.

Please let us know if this is possible. The second half of May would work well for me.

Med vennlig hilsen,

Edine Bakker
