Emne: Final submitted version

Good morning,

Some of you may be wondering if we managed to deliver the application yesterday within the deadline.

I can confirm that we managed to send our application with 2 hours to spare after much to and fro at the finish line!

Enclosing the submitted version and the annex with letters of support.

Thanks everyone for your input.

First is the eligibility check and I know we will have to fix a couple of small things. Steering Committee meeting for decision is on 19th-20th June.

Best regards

Kate
